

Study Tour to Canada

September / October 2026
Whistler, Canada

INFORMATION PACK

OVERVIEW

We are delighted to be planning a Study Tour to Canada in 2026, and hope you will consider joining the group.

This trip is being planned around participation in the 2026 Christian Schools Canada Conference, which will be held in Whistler, on 5-7 October.

In addition to attending the conference, this trip will include visits to a number of key schools around Vancouver, and meetings with key leaders from Christian organisations (eg. Baylor & Dordt Universities, Edu Deo, and the Van Lunen Centre).

We know this will be a rich time of seeing the world of Christian education a bit differently through the lenses of our Canadian colleagues, of fellowship and deep learning, of fun and challenge.

GROUP

Due to the anticipated interest in this Study Tour, and the limitations of travelling with a large group, we are planning to take two groups from CEN - one to arrive and visit schools before the conference, the other to arrive for the conference and remain for the week after to visit schools.

We have capacity for a total of 24 participants.
